

- █ Existing Walls. Outer walls are double brick and mortar with cavity
- ◆ Existing Doorways
- ~ What we intend removing
- ▀ Doorway to be bricked up
- ▄ New Doorway
- █ Proposed roof sloping towards Patio(outer wall is higher than internal wall) Max width 4.7M
- █ Proposed roof sloping towards outside (inner wall higher than outside wall) This roof will be lower than other roof. Max width 3.8M
- ↑ Direction of slope
- ▀ Supporting round pole post and beam

The intention (dream) is to put a deck over the patio which means we can have a view of the sea, surrounded by gently sloping garden.
 The whole base is concrete.
